CONTRIBUTOR CONSENT FORM (Agreement for Use of Contribution)

It is important for all Hypnotherapists to have access to training materials, which demonstrate the highest quality of therapeutic interventions. This applies equally to those who are students in training as well as those who are already qualified and engaged in CPD. Such materials contribute significantly towards the overall raising of professional standards for which the Hypnotherapy Association is striving.

During the Convention some of the presenters may call upon volunteers from among the delegates to act as subjects for the demonstration of particular therapeutic methods and protocols.

The Hypnotherapy Association may record all or part of the proceedings of the Convention for the purpose of publishing training programmes based on those proceedings.

This form gives the Hypnotherapy Association the right to use in all media and markets the whole or part of any contribution that you may personally make to the proceedings of the Convention. Specifically: -

- You assign to the Hypnotherapy Association the copyright and all other rights in your contributions for use in all media now known or which may be developed in future and in all markets.
- You agree that the Hypnotherapy Association may edit, adapt, or translate your contributions.
